

YMCA OF CENTRAL OHIO

## HELPING WOMEN IN NEED

### Menstrual Product Drive

Now- August 15th

Benefiting women staying at the [YMCA's Van Buren Center](#).

Did you know that menstrual products such as tampons and maxi pads are not covered by SNAP (Supplemental Nutrition Assistance Program) or other government programs in most states? This puts homeless women and those living in poverty at a greater risk of infection and other health issues every single month.

**Help us help others by bringing a donation of tampons or pads to your local YMCA. Donations are being accepted at all central Ohio branches.**

We hope to spread awareness while gathering these essential products for the Van Buren Center as they work to help women experiencing homelessness in our community.
